

Discovering Ireland

Our Experience

We were in Dublin from the 29th of June, to the 27th of July 2018.

We had a great experience working in different companies.

This helped us to grow up professionally and to approach and adapt to new situations

Our arrival

Just landed in Dublin, EasyCity staff has welcomed us to the city, and has given us a folder which contained information about our work places and leap cards, that allowed us to use public transport services.

Our internship

On the 2nd of July, the entire group started to work in their businesses.

Paolo's experience

My experience at INNstant Travel was very beautiful. My job was essentially at the back office, and it consisted in linking the hotels registered in our database with the ones from other companies (Trivago, Kayak etc..)

My colleagues were very welcoming and polite, and always willing to help me out whenever i needed it. They were from multiple countries: Brazil, Spain, France, Germany, Perù and many others.
